

CONTENTS

ORIGINAL STUDIES

<i>A growing stake in orthopaedic surgery and traumatology for the future management of obese patients.</i> Camille Choufani <i>et al.</i>	377
<i>Staged bone grafting for the management of segmental long bone defects caused by trauma or infection using induced-membrane technique.</i> Talaat Taher El-Hadidi <i>et al.</i>	384
<i>C-reactive protein kinetics and its predictive value in orthopedic (trauma) surgery : A systematic review.</i> J. Kruidenier <i>et al.</i>	397
<i>Pinnacle® modular metal-on-metal articulation in primary total hip arthroplasty : mid-term results of 195 cases.</i> Sascha Colen <i>et al.</i>	407
<i>Current knowledge in orthopaedic surgery on recommending sport activities after total hip and knee replacement.</i> Ana Oljaca <i>et al.</i>	415
<i>Inclination but not anatomical reconstruction is related with higher cobalt levels in MoM hip arthroplasty.</i> Chris Smeekes <i>et al.</i>	423
<i>Pelvic height planning versus conventional templating in preoperative planning of acetabulum cup size for THA.</i> Dong Wang <i>et al.</i>	430
<i>Management of stress fractures of the proximal tibia in patients with advance knee osteoarthritis. A case series.</i> Rizwan Haroon Rashid <i>et al.</i>	436
<i>Matrix-induced adipose-derived mesenchymal stem cells implantation for knee articular cartilage repair. Two years follow-up.</i> Theofylaktos Kyriakidis <i>et al.</i>	443
<i>Principal component analysis as a tool for determining optimal tibial baseplate geometry in modern TKA design.</i> S. Huijs <i>et al.</i>	452
<i>Intraoperative rotation control in closed intramedullary nailing in tibia diaphyseal fractures : a prospective, randomised study.</i> Fatih Inci <i>et al.</i>	461
<i>Operative treatment algorithm for intra-articular calcaneal fractures.</i> Vladimír Popelka <i>et al.</i>	469
<i>Intramedullary nailing of displaced midshaft clavicle fractures using a TEN with end cap: issues encountered.</i> Martijn Hulsmans <i>et al.</i>	479
<i>Late function and complications of hook plate implantation for distal-third clavicle fractures : a retrospective study.</i> Lining Zhang <i>et al.</i>	485
<i>Minimal invasive percutaneous plate osteosynthesis (MIPPO) vs. open plating in superior plating of midshaft clavicle fractures.</i> Sinan Zehir <i>et al.</i>	491
<i>A systematic review of management of scapular fractures.</i> Sudhir Kannan <i>et al.</i>	497
<i>Outcome at 3 to 5 years of a treatment algorithm for rotator cuff tears in an elderly population.</i> Hamlet Mirzoyan <i>et al.</i>	509
<i>Clinical and radiologic outcomes after arthroscopic rotator cuff repair: single-row versus Speed-Bridge technique.</i> Namhoon Moon <i>et al.</i>	516
<i>Volar retinacular ganglions (flexor tendon sheath ganglions). The results of surgical treatment.</i> Sebastian Kuliński <i>et al.</i>	526
<i>Pronator sparing plate osteosynthesis in distal radius fractures : early functional outcome.</i> Kris Moens <i>et al.</i>	531
<i>Pisiform excision for refractory flexor carpi ulnaris tendinopathy of the wrist.</i> Hyun Il Lee <i>et al.</i>	539
<i>A comparison of outcomes of K-wire vs plate fixation for distal radial fractures with regard to patients' quality of life.</i> Andrzej Żyluk <i>et al.</i>	546
<i>The threat of longitudinal cracking after distal radius fracture treatment with volar locking plate.</i> Nasa Fujihara <i>et al.</i>	554
